Vishnu R

Web Developer | Data Analyst

Chennai • +91 9042843012 • vishnu2006043@gmail.com • 🔗 linkedin.com/in/vishnu-r-dev • vishnuresume..com

Enthusiastic Information technology student with a strong foundation in Python, Flask, HTML, CSS, and data analysis. Experienced in building full-stack web apps and extracting insights from data. Actively engaged in hackathons and coding events. Eager to contribute to real-world projects and grow through an internship opportunity

WORK EXPERIENCE

cipher byte Technologies • 05/2025 - Present intern

• **Internship**

Working on real-world web development projects focused on building responsive and user-friendly applications. Gaining hands-on experience with HTML, CSS, JavaScript, and modern web frameworks.

EDUCATION

B.Tech in Information Technology

Jeppiaar Engineering college • GPA: 8.04/10 • 09/2023 - 05/2027

GPA: 8.04/10

PROJECTS

Hospital Management – GitHub

- Designed and developed a full-stack web application to manage patient admissions, discharges, and hospital workflows Built backend logic with Flask and SQLAlchemy for efficient data handling and patient tracking Created a responsive.
- Tools Used: Python, Flask, HTML, CSS

YouTube Comments Analyzer – GitHub

- Developed a YouTube Comment Analyzer at SVCE hackathon that uses Google's Gemini API to analyze timestamped comments, perform sentiment analysis, and generate smart recommendations to improve video content
- Tools Used: Python, LLM, Flask, API

Employee Management System – GitHub

- Collaborated on developing a Flask web application for managing employee records, shift scheduling, and attendance tracking Assisted in implementing backend logic with Flask and SQLAlchemy.
- Tools Used: Python, Flask, HTML, CSS

SKILLS

Languages & Technologies: CSS, HTML, Python, SQLite,Git.

Technologies: Flask, GitHub, RESTful APIs, SQLAlchemy
